Perinatal Episode Reimbursement Program

The Arkansas Health Care Payment Improvement Initiative (AHCPII) was developed as a joint effort between Arkansas Medicaid, QualChoice and Arkansas Blue Cross and Blue Shield, its affiliates and subsidiaries (Arkansas Blue Cross). More information may be found within this manual or at www.paymentinitiative.org.

The **PERINATAL** Episode Program will incentivize better coordination of care, encourage clinical effectiveness, and reward a high quality care in order to reduce complications that threaten quality and increase costs.

Episode Definition

A core component of this program is episodes of care. An episode is the collection of care provided to treat a particular condition over a given length of time. The perinatal episode includes all pregnancy-related care provided during the course of the pregnancy. This includes all of the prenatal care, care related to labor and delivery, and postpartum maternal care - roughly 40 weeks before delivery and 60 days postpartum. It encompasses the full range of services provided during this time period (e.g., labs, imaging, specialist consultations, inpatient care). The initial episode design excludes neonatal care.

Principal Accountable Provider (PAPs)

For each episode, the provider that holds the main responsibility for ensuring that care is delivered at appropriate cost and quality will be designated as the PAP based on observed patterns of care. The Principal Accountable Provider (PAP) for the perinatal episode is the physician who performed the delivery. The PAP for each episode is identified retrospectively through claims data. As leaders, however, PAPs will share in the savings and excess costs of episodes. A provider must have five or more eligible cases of an episode to be considered a PAP; in other words, for example, for the perinatal episode program, a provider must have performed at least five eligible cases of these to Arkansas Blue Cross members on an annual basis to be eligible for risk or shared savings as a PAP. The provider billing for the service on the claim is held responsible in the episode calculations and accurate coding is essential.

Claims Submission

Claims filing procedures will be the same as they are today as described in Arkansas Blue Cross' Provider Network Agreements and provider manuals.

Supplemental Quality Measures

In order to participate in upside savings, PAPs must also meet:

1. The design of the perinatal episode inherently incentivizing high quality care.
2. Additional quality targets related to prenatal screening.
3. These targets include prenatal HIV screening, Chlamydia screening, Group B streptococcus screening in last trimester, Hepatitis B screening during pregnancy, gestational diabetes screen and C section rate of the PAP.
4. PAPs will receive reports highlighting their performance on measures related to the quality of perinatal care. PAPs do not need to self-report any quality measures for this episode as they will be obtained through claims data. However, based on provider

feedback, we will be allowing AHIN entry of quality measure data to supplement what we receive in claims.

Adjustments and Exclusions

Reference the [Perinatal Algorithm Summary](#) for details.

Reports for Principal Accountable Providers (PAPs)

Reference the AHCPII Overview Page within this [manual](#) for details and instructions on accessing the PAP Reports on the Provider Portal.

Financial Settlements in the Episodes of Care Model

Reference the AHCPII Overview Page within this [manual](#) for details on the Financial Settlement Process.

Provider Appeal Process

Reference the AHCPII Overview Page within this [manual](#) for details on the Provider Appeal Process.

This Program document is referenced in the provider agreements and amendments (defined as ("Program")) of the Preferred Payment Plan, True Blue PPO, Arkansas' First Source PPO and Health Advantage Network Participating Provider Agreements. Therefore it is considered to be part of these agreements.

[Perinatal Algorithm Summary](#)

Perinatal Algorithm Summary v1.7

Triggers	An episode is triggered when a patient shows a claim with a delivery CPT procedure code. The patient's claims will also be processed by the OptumInsights ETG software, where they must be assigned an Episode Treatment Group (ETG) for pregnancy, with delivery. For specific DRG, ICD-9-CM, and CPT/HCPCS procedure codes, please see dataset.
PAP assignment	The Principal Accountable Provider (PAP) for an episode is physician enrolled in an Arkansas Blue Plan provider network that performs the delivery procedure. This provider must also perform the majority of the prenatal care for the patient identified by claims with the appropriate global OB bundle procedure, prenatal care bundle procedure, or office visit procedures. If office visits are used to determine prenatal care, there must be claims with office visit procedures for at least 60 days prior to delivery in order for the office visits to qualify as prenatal care.
Exclusions	<p>Episodes meeting one or more of the following criteria will be excluded:</p> <ul style="list-style-type: none"> A. The patient has claims or enrollment records that indicate coordination of benefits with another payer not associated with the Arkansas Blue Plans within the duration of the episode B. The patient does not have continuous coverage with at least one Arkansas Blue Plan for at least six months prior to delivery C. The overall episode cost for the patient exceeds the outlier criteria. Currently, the outlier threshold is set at three standard deviations above the average episode cost for all patients otherwise included in the reporting period for all PAPs D. The patient has claims with CPT procedure codes indicating both cesarean and vaginal deliveries were performed E. The patient shows multiple claims with delivery procedures with conflicting service dates preventing a systematic assignment of a delivery date to the episode F. The patient has claims indicating one of the following comorbidities within one year of the episode: 1) non-live birth, 2) cystic fibrosis, 3) sickle cell anemia, 4) end stage renal disease, 5) sever preeclampsia, 6) placenta previa, 7) early threatened labor, 8) type I diabetes, 9) cancer, 10) twins, 11) gestation over three, 12) congenital cardiovascular disorders, 13) suspected damage to the fetus from viral disease, 14) major puerperal infection, 15) puerpural endometritis, 16) puerpural sepsis, 17) puerpural septic thrombophlebitis, 18) other major puerperal infection, 19) varicose viens of legs, 20) varicose veins of vulva and perineum, 21) superficial thromophlebitis, 22) deep phlebothromobosis, 23) other phlebitis and thrombosis, 24) obstetrical air embolism, 25) amniotic fluid embolism, 26) obstetrical blood-clot embolism, 27) obstetrical pyemic and septic embolism, 28) other obstetrical pulmonary embolism, 29) cerebrovascular disorders in the puerperium G. Patient is an Exchange member H. Patient is an Access Only member I. Delivery date on professional and facility claims is not aligned J. Non-par self-insured groups: ABB/Baldor, Greenbay Packaging, Hytrol, Nabholz, Navistar, Nucor, Replacement Parts, Riceland, Southern Steel and Wire
Episode time window	Episodes begin on the day of the first service assigned to the ETG for pregnancy, and are within 280 days prior to the delivery, including the delivery and concludes 60 days after the delivery.
Claims included	The episode will include all claims identified by the ETG for pregnancy with delivery prior to the delivery date through 60 days after delivery. This includes all pregnancy-related medical assistance. Medical assistance related to neonatal care is not included.

Provider Network Operations (PNO) provides centralized administrative services for Arkansas Blue Cross and Blue Shield, Health Advantage and USABLE Corporation provider networks.

Perinatal Algorithm Summary v1.7

<p>Quality measures</p>	<p><u>Quality measures “to pass” (payment related):</u></p> <ul style="list-style-type: none"> A. HIV screening rate within 270 days prior to delivery. A CPT procedure indicating the screening was performed or a diagnosis of HIV within 270 days prior to delivery qualifies as the screening. Must meet a minimum threshold of 80% of episodes. B. Chlamydia screening rate within 270 days prior to delivery. A CPT procedure indicating the screening was performed within 270 days prior to delivery qualifies as the screening. Must meet a minimum threshold of 80% of episodes. C. Group B streptococcus screening rate within 84 days prior to delivery. A CPT procedure indicating the screening was performed within 84 days prior to delivery qualifies as the screening. Must meet a minimum threshold of 80% of episodes. <p><u>Quality measures “to track” (not payment related):</u></p> <ul style="list-style-type: none"> A. Hepatitis B screening rate within 270 days prior to delivery. A CPT procedure indicating the screening was performed within 270 days prior to delivery qualifies as the screening. B. UTI or asymptomatic bacteriuria screening rate within 270 days prior to delivery. A CPT procedure indicating the screening was performed within 270 days prior to delivery qualifies as the screening. C. Gestational diabetes screening rate within 270 days prior to delivery. A CPT procedure indicating the screening was performed or a diagnosis of gestational diabetes within 270 days prior to delivery qualifies as the screening.
<p>Utilization measures</p>	<p><u>Utilization measures “to track” (not payment related):</u></p> <ul style="list-style-type: none"> A. Percentage of episodes with a cesarean delivery
<p>Adjustments</p>	<p>The total reimbursements attributed to the PAP will be adjusted based on the presence complications that resulted in variations in treatment using a multiplier determined by regression. Over time, risk factors may be added or subtracted based on new research and/or empirical evidence.</p>
<p>Trigger codes</p>	<p>Claims with following CPT procedure codes indicating a vaginal delivery are considered when triggering an episode: Procedure codes: 59400, 59409, 59410, 59610, 59612, 59614</p> <p>Claims with following CPT procedure codes indicating a cesarean delivery are considered when triggering an episode: Procedure codes: 59510, 59514, 59515, 59618, 59620, 59622</p> <p>The prenatal care requirement for the PAP is determined by the claims with the following CPT procedure codes: Procedure codes: 59400, 59425, 59426, 59510, 59610, 59618, 99211, 99212, 99213, 99214, 99215, T1015</p> <p>An inpatient facility claim with one of the following DRG codes must be present in order to trigger an episode: MS-DRG: 765, 766, 767, 768, 774, 775</p>
<p>Claims included codes</p>	<p>The episode will include all claims classified with an ETG of pregnancy, with delivery, until 60 days after delivery.</p>

Provider Network Operations (PNO) provides centralized administrative services for Arkansas Blue Cross and Blue Shield, Health Advantage and US Able Corporation provider networks.

Perinatal Algorithm Summary v1.7

<p>Quality codes</p>	<p>Claims with service dates within 270 days prior to delivery with the following CPT procedure or ICD-9-CM diagnosis codes will qualify the episode for HIV screening: ICD-9 codes: 042 Procedure codes: 80055, 84181, 84182, 86701, 86702, 86703, 87300, 87390, 87391, 87534, 87535, 87536, 87537, 87538, 87539</p> <p>Claims with service dates within 270 days prior to delivery with the following CPT procedure codes will qualify the episode for chlamydia screening: Procedure codes: 3511F, 87110, 87270, 87320, 87451, 87490, 87491, 87492, 87797, 87798, 87799, 87800, 87801, 87810</p> <p>Claims with service dates within 84 days prior to delivery with the following CPT procedure codes will qualify the episode for group B streptococcus screening: Procedure codes: 86403, 87070, 87071, 87075, 87077, 87081, 87147, 87149, 87449, 87653, 87797, 87798, 87800, 87801, 87802</p> <p>Claims with service dates within 270 days prior to delivery with the following CPT procedure or ICD-9-CM diagnosis codes will qualify the episode for gestational diabetes screening: ICD-9 codes: 250.xx Procedure codes: 82947, 82950, 82951, 82952</p> <p>Claims with service dates within 270 days prior to delivery with the following CPT procedure codes will qualify the episode for UTI or asymptomatic bacteriuria screening: Procedure codes: 81000, 81001, 81002, 81003, 81005, 81007, 81015, 87077, 87081, 87086, 87088, 87149, 87152, P7001</p> <p>Claims with service dates within 270 days prior to delivery with the following CPT procedure codes will qualify the episode for hepatitis B screening: Procedure codes: 80055, 80074, 86704, 86705, 86706, 86707, 87340, 87341, 87350, 87515, 87516, 87517</p> <p>Please see the final pages of this document for a list of the corresponding ICD-10 codes</p>
<p>Utilization codes</p>	<p>Claims with following CPT procedure codes indicating a cesarean delivery are considered when calculating the cesarean section rate: Procedure codes: 59510, 59514, 59515, 59618, 59620, 59622</p>

Provider Network Operations (PNO) provides centralized administrative services for Arkansas Blue Cross and Blue Shield, Health Advantage and US Able Corporation provider networks.

Perinatal Algorithm Summary v1.7

Quality codes	<p>Claims with service dates within 270 days prior to delivery with the following CPT procedure or ICD-9-CM diagnosis codes will qualify the episode for HIV screening:</p> <p>ICD-9 codes: 042</p> <p>ICD-10 codes: 005F0ZZ, 005F3ZZ, 005F4ZZ, 005G0ZZ, 005G3ZZ, 005G4ZZ, 005H0ZZ, 005H3ZZ, 005H4ZZ, 005J0ZZ, 005J3ZZ, 005J4ZZ, 005K0ZZ, 005K3ZZ, 005K4ZZ, 005L0ZZ, 005L3ZZ, 005L4ZZ, 005M0ZZ, 005M3ZZ, 005M4ZZ, 005N0ZZ, 005N3ZZ, 005N4ZZ, 005P0ZZ, 005P3ZZ, 005P4ZZ, 005Q0ZZ, 005Q3ZZ, 005Q4ZZ, 005R0ZZ, 005R3ZZ, 005R4ZZ, 005S0ZZ, 005S3ZZ, 005S4ZZ, 01500ZZ, 01503ZZ, 01504ZZ, 01520ZZ, 01523ZZ, 01524ZZ, 01530ZZ, 01533ZZ, 01534ZZ, 01540ZZ, 01543ZZ, 01544ZZ, 01550ZZ, 01553ZZ, 01554ZZ, 01560ZZ, 01563ZZ, 01564ZZ, 01590ZZ, 01593ZZ, 01594ZZ, 015A0ZZ, 015A3ZZ, 015A4ZZ, 015C0ZZ, 015C3ZZ, 015C4ZZ, 015D0ZZ, 015D3ZZ, 015D4ZZ, 015F0ZZ, 015F3ZZ, 015F4ZZ, 015G0ZZ, 015G3ZZ, 015G4ZZ, 015H0ZZ, 015H3ZZ, 015H4ZZ, 015Q0ZZ, 015Q3ZZ, 015Q4ZZ, 3E0T3TZ, 3E0X3TZ, B20</p>
